

Graduating high school was no small feat for M. When she found Grace Place School at 18 years old, she was two years behind in school, homeless, and trying to overcome other significant challenges. M persevered and with the support of Grace Place she was able to complete her credits and earn her high school diploma.

"I am grateful that Grace Place showed me grace in giving me a second chance to earn my high school diploma so I can move forward in pursuing my goals."

— M | Grace Place School Graduate

M is determined, funny, compassionate, and insightful. She refuses to be a victim of past trauma and abuse. She fiercely fights for the underdog and for justice, hoping to become a lawyer someday.

90%

Since 2014, we have served approximately 35 students per year with an average **graduation rate of 90%.**

Pave a road to *hope*

Join us in providing life-changing opportunities for at-risk teens, empowering them to reach their God-given potential.

Grace Place School is a registered 501(c)(3) nonprofit. All gifts are tax-deductible.

Grace Place School strives to keep youth free from sex trafficking, drug trafficking, and other destructive lifestyles.

For teens who have experienced **trauma, unstable home situations, poverty, and homelessness**, the risk of trafficking is much higher. They often struggle to find success in traditional public schools, becoming targets for exploitation.

We create a nonjudgmental and safe environment where they can experience acceptance, belonging, and success.

Grace Place School prevents trafficking by *empowering* at-risk youth through:

ACADEMIC ACHIEVEMENT

We offer an **alternative academic program** specifically designed to meet the needs of at-risk students ages 13-19.
